

# VERNE GLOBAL

Ready for your next job? Check us out at [www.VerneGlobal.com](http://www.VerneGlobal.com)

**Iceland is the home of supernatural power. We are here to help our customers change the world. Not exhaust it. Together we can achieve the impossible. Let's get started!**

**Verne Global Data Center** is looking to hire a person into an exciting, IT Professional role. The ideal candidate will have data center, computer hardware or general IT experience and be excited to learn new technical skills. They must have a willingness to learn and a positive attitude to apply! It is essential that the candidate have a good command of the English language and can express themselves verbally and in writing. Some weekend work may be required but agreed prior and planned. Verne has a special wage agreement with VSFK.

**Areas of work and responsibilities include:**

- Building suites including cabinet installs, back-to-back cabling and equipment racking
- Cabling current and new setups including copper patching, fibre patching
- Installing new hardware such as switches, servers, storages, firewalls and routers
- Diagnosing and repairing server hardware (in conjunction with the IT Service Desk team)
- Monitoring the data center environment including power usage, rack capacity, network ports and climate
- Pro-actively checking for hardware alerts and single points of failure, thereby ensuring the data center is running optimally
- Assisting with Security implementation and deployment
- Decommissioning old hardware: uncabling, removal from racks and organizing ecological disposal
- Escorting and assisting 3rd party installers and adhering to Company Security policies
- Managing spares for all data centers, ensuring a quick turnaround time on hardware repairs (SLA<2h)
- Installing and troubleshooting of prefabricated fibre infrastructure
- Updating rack documentation and adhering to other team admin tasks

**Requirements for employees:**

- A broad IT infrastructure understanding
- English proficiency (Icelandic is not a requirement)
- Clean criminal record (Sakavottorð)
- Orderliness and punctuality
- Proactive and positive approach
- Excellent communication and relationship management skills

**One thing all successful candidates have in common is a passion to use technology, new concepts and new ideas to solve complicated problems.**

In addition to standard benefits, we offer free onsite lunches and have a gym and employee entertainment room. We also encourage each employee to spend 8 hours a year doing volunteer work on company paid time.

Verne Global does not discriminate based on race, gender, disability, religion, or sexual orientation. We encourage all genders to apply for this role and we believe diversity makes teams better.

**Application with CV in English, must be submitted on or before 29 October by sending an email to [hr@verneglobal.com](mailto:hr@verneglobal.com)**
